Website: www.theiet.org

Contact: Mike Petersen / emea.sales@theiet.org

The IET is Europe's largest professional body of engineers with 168,000+ members in over 150 countries. Our mission is to inspire, inform and influence the global engineering community, supporting technology innovation to meet the needs of society.

Our publishing portfolio offers invaluable resources for libraries and researchers. With flexible solutions and a variety of packages, users can access relevant content across journals, eBooks, IET.tv videos and our A&I database, Inspec.

Ask us about new developments to Inspec that will use semantic enrichment to allow users to derive new insights and identify trends and patterns which were previously locked away.

IOP Publishing

Stand No: 51 & 52

Website: <http://iopublishing.org>

Contact: Helen Ellis / helen.ellis@iop.org

Combining the culture of a learned society with global reach and highly efficient and effective publishing systems and processes, we serve researchers in the physical and related sciences in all parts of the world. Through our range of journals, magazines, websites, our award winning ebook programme and other services, we enable researchers and research organisations to reach the widest possible audience for their research.

IOP Publishing is a wholly owned subsidiary of the Institute of Physics. Any profits generated by IOP Publishing are used by the Institute to support science and scientists.

IOP Publishing

ISSN

Stand No: 33

Website: www.issn.org

Contact: Joy Raynaud & Simona Rizza / sales@issn.org

The ISSN is the international identifier for serials and other continuing resources, in the electronic and print world. Besides its tasks of edition and maintenance of the ISSN Register, the ISSN International Centre coordinates the activity of the 89 National Centres.

The ISSN Register is the worldwide bibliographic database which contains more than 2 million ISSN bibliographic records created and updated for the identification of the serials. It is used throughout the information chain by libraries, subscription agencies, researchers or universities. It is available through different kinds of subscription: the ISSN Portal, the ISSN Data File, Z39.50, ISSN Premium, OAI-PMH protocol.

ITHAKA – JSTOR & Artstor

Stand No: 32

Website: <http://www.jstor.org> / <http://www.artstor.org>

Contact: participation@jstor.org / participation@artstor.org

ITHAKA is a not-for-profit organization committed to improving teaching and learning through digital technology. ITHAKA comprises four services: JSTOR, which provides access to a vast array of online journals, books, and other content, Portico, a leading digital preservation service, and Ithaka S+R, an educational think tank. In 2016 ITHAKA allied with Artstor, allowing us to advance Artstor's mission to enhance education using 2.4+ million high-quality images from leading collections globally. We have also developed JSTOR Forum – the next generation of Artstor's Shared Shelf - which allows institutions to raise their profile by sharing digital projects with a wider audience.

Jisc

Stand No: 47 & 49

Website: www.jisc.ac.uk

Contact: Sarah Pickthall / sarah.pickthall@jisc.ac.uk

We are the UK higher, further education and skills sectors' not-for-profit organisation for digital services and solutions.

We are:

- Dedicated entirely to the sectors' individual and collective needs
- Not a vendor: we deal with and/or work with vendors and publishers on the collective behalf
- Not for profit: every pound is used for the sectors' benefit
- Objective, but not unbiased: we put the sectors' interests above all else

We are of the sectors, by the sectors, for the sectors.

JoVE

Stand No: 10

Website: <https://www.jove.com/>

Contact: Dan Marin / dan.marin@jove.com

JoVE is the leading producer and publisher of video resources with the mission to increase the productivity of research and the level of education in STEM. Established in 2006, JoVE has produced over 7,500 video articles demonstrating experiments filmed in laboratories at top research institutions and delivered online to millions of scientists, educators, and students worldwide. Today, JoVE subscribers include more than 1,000 universities, colleges, biotech, and pharmaceutical companies, including leading institutions such as Harvard, MIT, Princeton, University of Cambridge, ETH Zurich, University of Melbourne and University of Tokyo. JoVE advances modern science by providing the resources it needs to grow and develop.

Karger Publishers

Stand No: 107

Website: www.karger.com

Contact: Séverine Maes / s.maes@karger.com

Karger Publishers in Basel, Switzerland, is a globally active medical and scientific publishing company. Independent and family-run in the fourth generation by Gabriella Karger, the company is dedicated to serving the information needs of the scientific community with publications of high-quality content, covering all fields of medical science.

The publication program comprises 50 new books per year and 105 peer-reviewed journals, including 24 open-access titles. Karger content is published predominantly in English, with a strong focus on basic and clinical research, and is in general available online.

Kortext

Stand No: 93

Website: www.kortext.com

Contact: Kevin Watt / kevinw@kortext.com

Kortext is a world-leading digital textbook and personal study platform providing access to over 500,000 digital textbooks from over 1,000 publishers. The platform allows students to create a truly personal bookshelf by also downloading OER material, course packs, lecture notes, presentation slides and other subject relevant content. Students can also annotate, view interactive material and collaborate with peers, meaning content is more engaging than anything offered by a printed book.

Kortext also provides access to powerful analytics dashboards, which can provide deeper insights into learning habits, inform decision making and help create personalised learning paths.

Kortext's scalable technology means the platform is rapidly being adopted around the world, from single course or department, to institution and countrywide provision.

LM Information Delivery

Stand No: 35 & 37

OCLC

Stand No: 108 & 109

Website: <https://connect.oclc.org/uksg18>

Contact: Andrew Hall / uk@oclc.org

OCLC is a nonprofit global library cooperative providing shared technology services, original research and community programs so that libraries can better fuel learning, research and innovation. Through OCLC, member libraries cooperatively produce and maintain WorldCat, the most comprehensive global network of data about library collections and services. Libraries gain efficiencies through OCLC's WorldShare, a complete set of library management applications and services built on an open, cloud-based platform. It is through collaboration and sharing of the world's collected knowledge that libraries can help people find answers they need to solve problems. Together as OCLC, member libraries, staff and partners make breakthroughs possible.

OECD – Organisation for Economic Co-operation and Development

Stand No: 104

Website: www.oecd-ilibrary.org

Contact: Michel Guinand / michel.guinand@oecd.org

The Organisation for Economic Co-operation and Development (OECD) provides a forum in which governments can work together to share experiences and seek solutions to common problems. The mission of the OECD is to promote policies that will improve the economic and social well-being of people around the world. The common thread of OECD work is a shared commitment to market economies backed by democratic institutions and focused on the wellbeing of all citizens. www.oecd.org

OpenEdition

Stand No: 30

Website: <http://www.openedition.org/>

Contact: Julie Therizols / julie.therizols@openedition.org

OpenEdition is an open access publishing initiative that develops an e-resource portal in the humanities and social sciences as well as premium services for libraries.

The OpenEdition Freemium program allows libraries to get peer-reviewed, DRM-free content and to benefit from specially designed services, while directly supporting open access via a transparent and ethical initiative.

Biodiversity and multilingualism are at the heart of our offer, which consists of 160 journals and 5,000 books from a wide range of international publishers and disciplines, including History, Sociology, Economics, Arts, French and European studies, Middle East and LAC studies, and much more.
