ACCUCOMS
Stand No: 36
Website: www.accucoms.com
Contact: Simon Boisseau / simon@accucoms.com

ACCUCOMS is a leading provider of sales and marketing services to academic and professional publishers worldwide with extensive expertise in global representation, telesales and business intelligence services to clients ranging from large publishing houses to specialist society publishers. Our multilingual staff operate from our locations in The Netherlands, USA, Latin America, India, South-East Asia, Turkey and the Middle East. ACCUCOMS specialises in projects aimed at contacting librarians on behalf of publishers interested in boosting their sales, expanding their readership worldwide, and increasing customer retention by means of customer support and training services.

ACS Publications
Stand No: 47
Website: http://pubs.acs.org
Contact: Alastair Cook / A_Cook@acs.org

ACS Publications provides the most trusted, most cited, and most read journals in chemistry and the disciplines chemistry impacts. The ACS publishes some of the world’s leading journals, more than 1,400 peer-reviewed eBooks, and the leading news magazine C&EN. The ACS eBooks Front File consists of the ACS Symposium Series eBooks published from 2011 to present. These high-quality, peer-reviewed books are developed from the ACS technical divisions’ symposia. Each chapter is authored by an expert in the field, and the collection of chapters is edited by a recognised subject leader. Find out more from your ACS rep.

AIP Publishing
Stand No: 42
Website: https://publishing.aip.org/librarians
Contact: Brett Thomas / bthomas@aip.org

AIP Publishing is a wholly owned not-for-profit subsidiary of the American Institute of Physics (AIP). AIP Publishing’s mission is to support the charitable, scientific and educational purposes of AIP through scholarly publishing activities in the fields of the physical and related sciences on its own behalf, on behalf of Member Societies of AIP, and on behalf of other publishing partners to help them proactively advance their missions. AIP Publishing’s portfolio comprises 19 highly regarded, peer-reviewed journals, including the flagship journals Applied Physics Letters, Journal of Applied Physics, and The Journal of Chemical Physics, in addition to the AIP Conference Proceedings.

Alexander Street

Aries Systems Corporation
Stand No: 29
Website: www.ariessys.com
Contact: Mark Hester / marketing@ariessys.com

Aries Systems Corporation has provided innovative software solutions to scholarly publishers for more than 25 years. The company has an excellent reputation, a large base of users and an experienced management team. Editorial Manager was first released in 2001 and is currently deployed with more than 6,700 publications. The companion product for production tracking, ProduXion Manager®, is also in use by major publications such as Nature and The Lancet. Solutions from Aries Systems are designed to strengthen the relationship between publishers and their community of authors, reviewers, and editors and to promote the publisher’s brand.
Atypon

Stand No: 37
Website: www.atypon.com
Contact: Megan Prosser / mprosser@atypon.com

Atypon is a technology partner to the scholarly publishing industry. Its content hosting and management platform, Literatum, improves publishers’ site traction and revenues by giving them direct control over how their content is displayed, promoted, and monetised – with the power to create new products, licensing, and advertising models in real time. Literatum’s modular framework helps publishers meet their business goals with modern site designs to attract and retain visitors, information delivery, discovery, identity management, access control, ecommerce, advertising automation, advanced search, and analytics. Atypon hosts over 12M publications and 900 websites for its 200+ clients, including Elsevier, The New England Journal of Medicine, Emerald, and Taylor & Francis.

Bioscientifica

Stand No: 9
Website: www.bioscientifica.com
Contact: Ceredig Williams / sales@bioscientifica.com

Bioscientifica collaborates with leading biomedical societies to publish high-impact journals that are essential reading for both researchers and clinicians. Our portfolio includes five subscription journals covering endocrinology and its intersecting disciplines: Journal of Endocrinology, Reproduction, Endocrine-Related Cancer, European Journal of Endocrinology, and Journal of Molecular Endocrinology. All of these publications are ranked in the top two quartiles of their Journal Citation Reports® categories. We also publish three entirely open access journals. Bioscientifica is owned by the Society for Endocrinology, and we invest all our profits in our partner societies, helping to advance biomedical education, research, and practice. Profit for good.

Bloomsbury Publishing

Stand No: 17
Website: www.churchillarchive.com; www.dramaonlinelibrary.com and www.bloomsburycollections.com; www.bloomsburyfashioncentral.com

- impress potential employers with knowledge of their company, performance, competitors and marketplace.
**Kudos**

**Stand No:** 26  
**Website:** www.growkudos.com  
**Contact:** Charlie Rapple / charlie@growkudos.com

Kudos provides a free platform for researchers to manage communications around their publications, and gives researchers, their institutions and publishers a rich understanding of which channels and activities are most effective for broadening reach and impact – across multiple publishers and tools. Researchers use Kudos to explain work in plain language and generate trackable links for sharing via email, web and social networks; these enable communications to be mapped against views, downloads, altmetrics and citations. Publishers and institutions use Kudos to surface these communications, understand what effect they have, and learn how best they in turn can support researchers’ efforts.
