AIP Publishing’s portfolio of 19 journals includes prestigious titles such as Applied Physics Letters, Journal of Applied Physics and The Journal of Chemical Physics. http://journals.aip.org

Alexander Street, a ProQuest Company
Stand No: 18
Website: http://alexanderstreet.com
Contact: Gareth Bish / gbish@alexanderstreet.com
Alexander Street is the world’s largest supplier of streaming video and audio for libraries globally. Formed in 2000, the company began digitising primary text resources from major archives around the world, and from there moved into streaming music and video in response to faculty demand. Today, Alexander Street serves more than 3,500 libraries in 60 countries, and has pioneered innovative business models for academic video, including PDA, EBA and AVON-to-own, which have proved popular with libraries in the UK since their introduction. For 2016, we are introducing multiple ground-breaking ‘open access’ initiatives for the global academic community in the humanities and social sciences, and will be showcasing these and other developments at the UKSG 2016 Forum.

The Institution of Engineering and Technology (IET) is one of the world’s largest engineering institutions with over 167,000 members in 150 countries. It is also the most multidisciplinary, to reflect the increasingly diverse nature of engineering in the 21st century. The IET is also Europe’s leading publisher of world-class engineering & technology content, publishing more than 30 research and letters journals; hundreds of conference proceedings; over 450 eBooks; Inspec, the world’s leading database for physics and engineering, and IET.tv, a vast online archive of video content.
IOP Publishing
Stand No: 11/12
Website: http://iopscience.iop.org/
Contact: Lisa Searle / lisa.searle@iop.org

IOP Publishing provides publications through which leading-edge scientific research is distributed worldwide. IOP Publishing is central to the Institute of Physics (IOP), a not-for-profit society. Any financial surplus earned by IOP Publishing goes to support science through the activities of IOP. Beyond our traditional journals programme, we make high-value scientific information easily accessible through an ever-evolving portfolio of community websites, magazines, conference proceedings and a multitude of electronic services. Focused on making the most of new technologies, we are continually improving our electronic interfaces to make it easier for researchers to find exactly what they need, when they need it, in the format that suits them best.

JSTOR | Portico
Stand No: 27
Website: ithaka.org; jstor.org; artstor.org; sr.ithaka.org; portico.org
Contact: Marie Luongo / marie.luongo@ithaka.org

At ITHAKA, we are driven to deploy digital technologies to make our universities, colleges, and high schools better, more affordable, and more effective. Reaching beyond traditional walls, we support learners everywhere and impact the lives of millions of people every day.

In two decades, we have launched three of the most transformative and widely-used services in higher education: JSTOR, Portico, and Ithaka S+R - and recently our strategic alliance with Artstor has allowed us to further enhance our mission by facilitating access to its services for researchers, teachers, and students worldwide.

Kanopy
Stand No: 37
Website: www.kanopy.com
Contact: Grant Powell / grant.powell@kanopy.com

Kanopy is an on-demand streaming video service for educational institutions that provides 12 million students and faculty with access to more than 26,000 films each year. Kanopy’s unique PDA (patron-driven acquisition) model ensures institutions only pay for the films their students and faculty actually watch. Kanopy works directly with filmmakers and film distribution companies to offer award-winning collections including titles from PBS, BBC, Criterion Collection, Media Education Foundation and more. Kanopy is headquartered in San Francisco, California. www.kanopy.com

Liverpool University Press
Stand No: 7
Website: www.liverpooluniversitypress.co.uk
Contact: Jennie Collinson / jenniec@liverpool.ac.uk

Liverpool University Press is the UK’s third oldest university press, with a distinguished history of publishing exceptional research since 1899, including the work of Nobel Prize winners. LUP has rapidly expanded to become an award-winning publisher, producing approximately 75 books a year and 25 journals, specialising in literature, modern languages, history and visual culture. LUP’s mission is to disseminate high quality scholarly research promoting learning and culture through its publications. It also has a civic mission to support Liverpool through collaborative publishing with the region’s cultural organisations and as part of the city’s creative economy in its own right.

LM Information Delivery
Stand No: 22/23
Website: www.lminfo.co.uk
Contact: Simon Jackson / simon.jackson@lminfo.co.uk

LM Information Delivery is the UK’s leading subscription and information services provider. We offer our customers Subscription Management Services, eResource Access and Management Services and ePackage handling, including Jisc. Our customers include corporate information services, university and research libraries, hospital and medical libraries, public libraries and governmental organisations. Our services improve efficiency and save time in information retrieval, as well as improve the use of eResources. Established in 1972, LM is a family-owned company, and our cornerstone is long-term commitment to our customers, the information industry and company personnel. We provide our customers with cutting-edge technology and professional, local customer service.
Microbiology Society

Stand No: 17
Website: www.microbiologyresearch.org
Contact: Karl Yates / journalsales@microbiologysociety.org

The Microbiology Society is a membership organisation for scientists who work in all areas of microbiology. The Society’s Mission is to advance the understanding and impact of microbiology by connecting and empowering communities worldwide. To help achieve this we produce high quality, sustainable, innovative publications that deliver high value to the Society, its members and the worldwide microbiology community. The Society publishes six journals in microbiology: Microbiology, Journal of General Virolology, Journal of Medical Microbiology, JMM Case Reports, Microbial Genomics and International Journal of Systematic and Evolutionary Microbiology.

OCLC

Stand No: 34
Website: http://connect.oclc.org/UKSGForum16
Contact: Andrew Hall / uk@oclc.org

OCLC is a non-profit global library co-operative providing shared technology services, original research and community programmes so that libraries can better fuel learning, research and innovation. Through OCLC, member libraries co-operatively produce and maintain WorldCat, the most comprehensive global network of data about library collections and services. Libraries gain efficiencies through OCLC’s WorldShare, a complete set of library management applications and services built on an open, cloud-based platform. It is through collaboration and sharing of the world’s collected knowledge that libraries can help people find answers they need to solve problems. Together as OCLC, member libraries, staff and partners make breakthroughs possible.

Oxford University Press

Stand No: 26
