OCLC
Stand: 16 & 17
Contact: Andrew Evans
Email: andrew.evans@oclc.org
Website: www.oclc.org

OCLC introduce OCLC WorldShare. Built on a foundation of WorldCat data, OCLC WorldShare enables shared services and streamlined workflows across a Webscale platform. OCLC WorldShare Management Services provides an integrated set of acquisition, circulation, patron administration and license management applications, all controlled from a simple, Web-based interface. Integrating workflows like this helps eliminate inefficiency, giving libraries more time to focus on
their users and communities. The OCLC WorldShare Platform provides data, tools and services so any organisation can create applications and share ideas. Libraries can review and install apps developed by others, increasing the speed of innovation for all participants.

**OECD Publishing**

**Stand:** 68  
**Contact:** Michel Guinand  
**Email:** michel.guinand@oecd.org  
**Website:** www.oecd-ilibrary.org

The OECD provides a forum in which governments can share experiences and seek solutions to common problems. OECD works with governments to understand what drives economic, social and environmental change. We measure productivity and global flows of trade and investment. We analyse and compare data to predict future trends. We set international standards on a wide range of things, from agriculture and tax to the safety of chemicals. The common thread of OECD’s work is a shared commitment to market economies backed by democratic institutions and focused on the wellbeing of all citizens.

**Oxford University Press**

**Stand:** 51 & 53

ProQuest connects people with vetted, reliable information. Key to serious research, the company has forged a 70-year reputation as a gateway to the world’s knowledge – from dissertations to governmental and cultural archives to news, in all its forms. Its role is essential to libraries and other organizations whose missions depend on the management and delivery of complete, trustworthy information. ProQuest’s massive information pool is made accessible in research environments that accelerate productivity, empowering users to discover, create, and share knowledge. An energetic, fast-growing organization, ProQuest includes the Bowker®, Dialog®, ebrary®, and Serials Solutions® businesses and notable research tools such as RefWorks®, Pivot™, and the Summon® service. The company is headquartered in Ann Arbor, Michigan, with offices around the world.
Publisher Solutions International

Stand: 74
Contact: Andrew Pitts
Email: andrew@publishersolutionsint.com

Publisher Solutions International is an independent company, working with key publishers to address problems related to subscription fraud. PSI has been successful over the past 5 years in identifying rogue operators and recovering lost revenues for its publisher clients. In response to the increasing challenges of managing and validating access to online content, PSI has also developed and operates a proprietary system to verify IP addresses. This service gives publishers, agents and libraries the assurance that content is being accessed by licensed users in the correct institution. To discover how PSI can help you, visit us at our Stand 74.
