ACCUCOMS is a leading provider of sales and marketing services to academic and professional publishers worldwide. Since 2004 ACCUCOMS has acquired extensive expertise in global representation, telesales and business intelligence services to clients ranging from large publishing houses to specialist society publishers. Our multilingual staff and offices are operating from our offices in The Netherlands, USA, Costa Rica, India, Turkey and the Middle East. ACCUCOMS is specialised in projects aimed at contacting librarians on behalf of publishers interested in boosting their sales, expanding their readership worldwide, and increasing customer retention by means of customer support and training services.

ACS Publications provides the most trusted, most cited, and most read journals in chemistry and the disciplines chemistry impacts. In 2015 ACS will provide 47 of the world’s leading journals, more than 1,400 peer-reviewed eBooks, and the industry’s leading news magazine, C&EN. For 2015 ACS will also provide numerous expanded Open Access options including a new fiercely selective, fully open access journal, ACS Central Science. Stop by the ACS Publications booth to learn more about our new suite of open access options, three new journals for 2015, and discover how ACS eBooks may bring value to departments across your campus.

AIP Publishing LLC is a scholarly publisher in the physical and related sciences, providing the global science community with a comprehensive collection of highly cited peer reviewed scientific information. Accessed by researchers at nearly 4,000 institutions worldwide, AIP Publishing’s portfolio of 17 journals includes prestigious titles such as Applied Physics Letters, Journal of Applied Physics and The Journal of Chemical Physics, and the AIP Conference Proceedings. AIP Publishing is a wholly owned subsidiary of the American Institute of Physics, and publishes on behalf of several of AIP’s Member Societies and other publishing partners.
Alexander Street Press
Stand No.: 45
Website: www.alexanderstreet.com
Contact name/e-mail: Gareth Bish  gbish@alexanderstreet.com

Alexander Street Press is the largest publisher of academic streaming video and audio content globally. Through partnerships with thousands of the world’s leading content providers, we provide high-quality resources in the core disciplines of anthropology, business and economics, counselling and therapy, history, music and performing arts. New releases include Business eBooks Online, Fashion Studies Online, and Human Rights Studies Online. We recently launched a powerful new interface with dozens of features to support research and teaching across all disciplines, and also offer flexible business models, such as evidence-based acquisition, and new subscription channels, enabling librarians to add multimedia resources cost-effectively.

Annual Reviews
Stand No.: 12
Website: www.annualreviews.org
Contact name/e-mail: Andrea Lopez  alopez@annualreviews.org

Annual Reviews intelligently synthesizes relevant primary research – including books, articles, and data – to report important ideas and trends. Comprehensive overviews prevent duplication of research effort, address conflicting studies, and suggest effective new research directions. Articles and their extensive bibliographies guide readers to the most significant literature within a topic. Annual Reviews continues to invest in technology and endorse industry standards, such as offering COUNTER-compliant usage statistics and participating in the KBART Recommended Practice for metadata transfer, to help libraries and their technology partners provide seamless access to its online journals.

Aries Systems Corporation
Stand No.: 46
Website: www.editorialmanager.com
Contact name/e-mail: Mark Hester  marketing@ariessys.com

Aries Systems Corporation has provided innovative software solutions to scholarly publishers for more than 25 years. The company has an excellent reputation, a large base of users and an experienced management team. Editorial Manager was first released in 2001 and is currently deployed with more than 5,600 publications. The companion product for production tracking, ProduXion Manager®, is also in use by major publications such as Nature and The Lancet. Solutions from Aries Systems are designed to strengthen the relationship between publishers and their community of authors, reviewers and editors, and to promote the publisher’s brand.
Askews and Holts Library Services Ltd (AHLS) are an innovative and focused supplier who provide a range of products and services that complement the ever changing landscape of today’s libraries. For over 130 years the company has provided a wide range of solutions to academic libraries, including the supply of print books, eBooks and multi-media material, all of which are available for selection through market-leading web technology. To facilitate a cost effective acquisitions process, AHLS also provide a wide range of shelf-ready processing options and international standard catalogue records, delivered through a comprehensive EDI service. Providing the highest standard of customer satisfaction is our number one priority and we believe that our continued success originates from a dedication to developing innovative and cost effective solutions, without compromising our commitment to quality.

Bloomsbury Publishing Plc is a leading global independent publisher committed to the traditional virtues of scholarly publishing and developing online technologies to meet the requirements of today’s librarians and researchers. They were voted Bookseller Academic, Educational and Professional Publisher of the Year in 2014 and 2013. Imprints include The Arden Shakespeare, Methuen Drama, T&T Clark and Hart. Publishing 1400+ books per year across the humanities, social sciences, law and tax, the Academic and Professional Division also publishes 40+ journals and a range of online resources including Drama Online, Churchill Archive, Bloomsbury Collections, Berg Fashion Library and Bloomsbury Fashion Central.

BMJ advances healthcare worldwide by sharing knowledge and expertise to improve experiences, outcomes and value. Along with our world renowned flagship title, The BMJ, we also offer nearly fifty specialty journals and a world-leading collection of digital professional development resources. Our unique digital tools help healthcare professionals support their decisions, interpret clinical data and improve the quality of healthcare delivery.
