

# Networking

## Share Your Info

**1 Access the Attendee List.** After logging in, tap the **Attendees** icon.

**2 Send a request.** Find the person you want to share your contact information by either scrolling through the list or using the search bar at the top of the screen.

Tap their name, then the plus icon to send a contact request. If they accept, the two of you will exchange info.

## Continue the Convo

**1 Access My Contacts.** Tap the hamburger icon to open up the side nav, then **My Contacts**. Here you'll find a list of all the attendees you've exchanged contact info with.

**2 Connect outside the app.** Find that interesting person you just met and tap their name.

You'll be taken to a page that shows all the social networks that attendee has linked to their CrowdCompass account. Tap any of their logos to connect to that attendee's page.
