

Using the VIP Admin Center

Edit Your Content

1 Access the VIP Admin Center. Login to CrowdCompass using the invitation that was sent to your email. You'll automatically be brought to the VIP Admin Center.

2 Edit your heart out. The VIP Admin Center displays a list of all of the people and organizations whose profiles you have permission to modify. Just click **Edit** next to your desired page and use the text fields to add or edit as you see fit.

Towards the bottom of the page, under the Assets header, you can upload images and documents to help flesh out your page even more.

Don't forget to click **Update** once you've finished.
