KNOWLEDGE COMMUNITY

Our Profession in 2030

**Do you consider yourself to
be a ‘professional’?**

How has the landscape changed?

Core competencies: Open Research Competencies Coalition

Recognising emerging roles

- Open research
- Research impact
- Publishing and repositories

Core competencies: Open Research Competencies Coalition

Coalition aims to identify and describe the core skills these roles require:

- Learning on the job
- Self-development
- No specific formal qualification

Produced UKRN Primers for people interested in working in Open Access, Open Research and Research Data Management

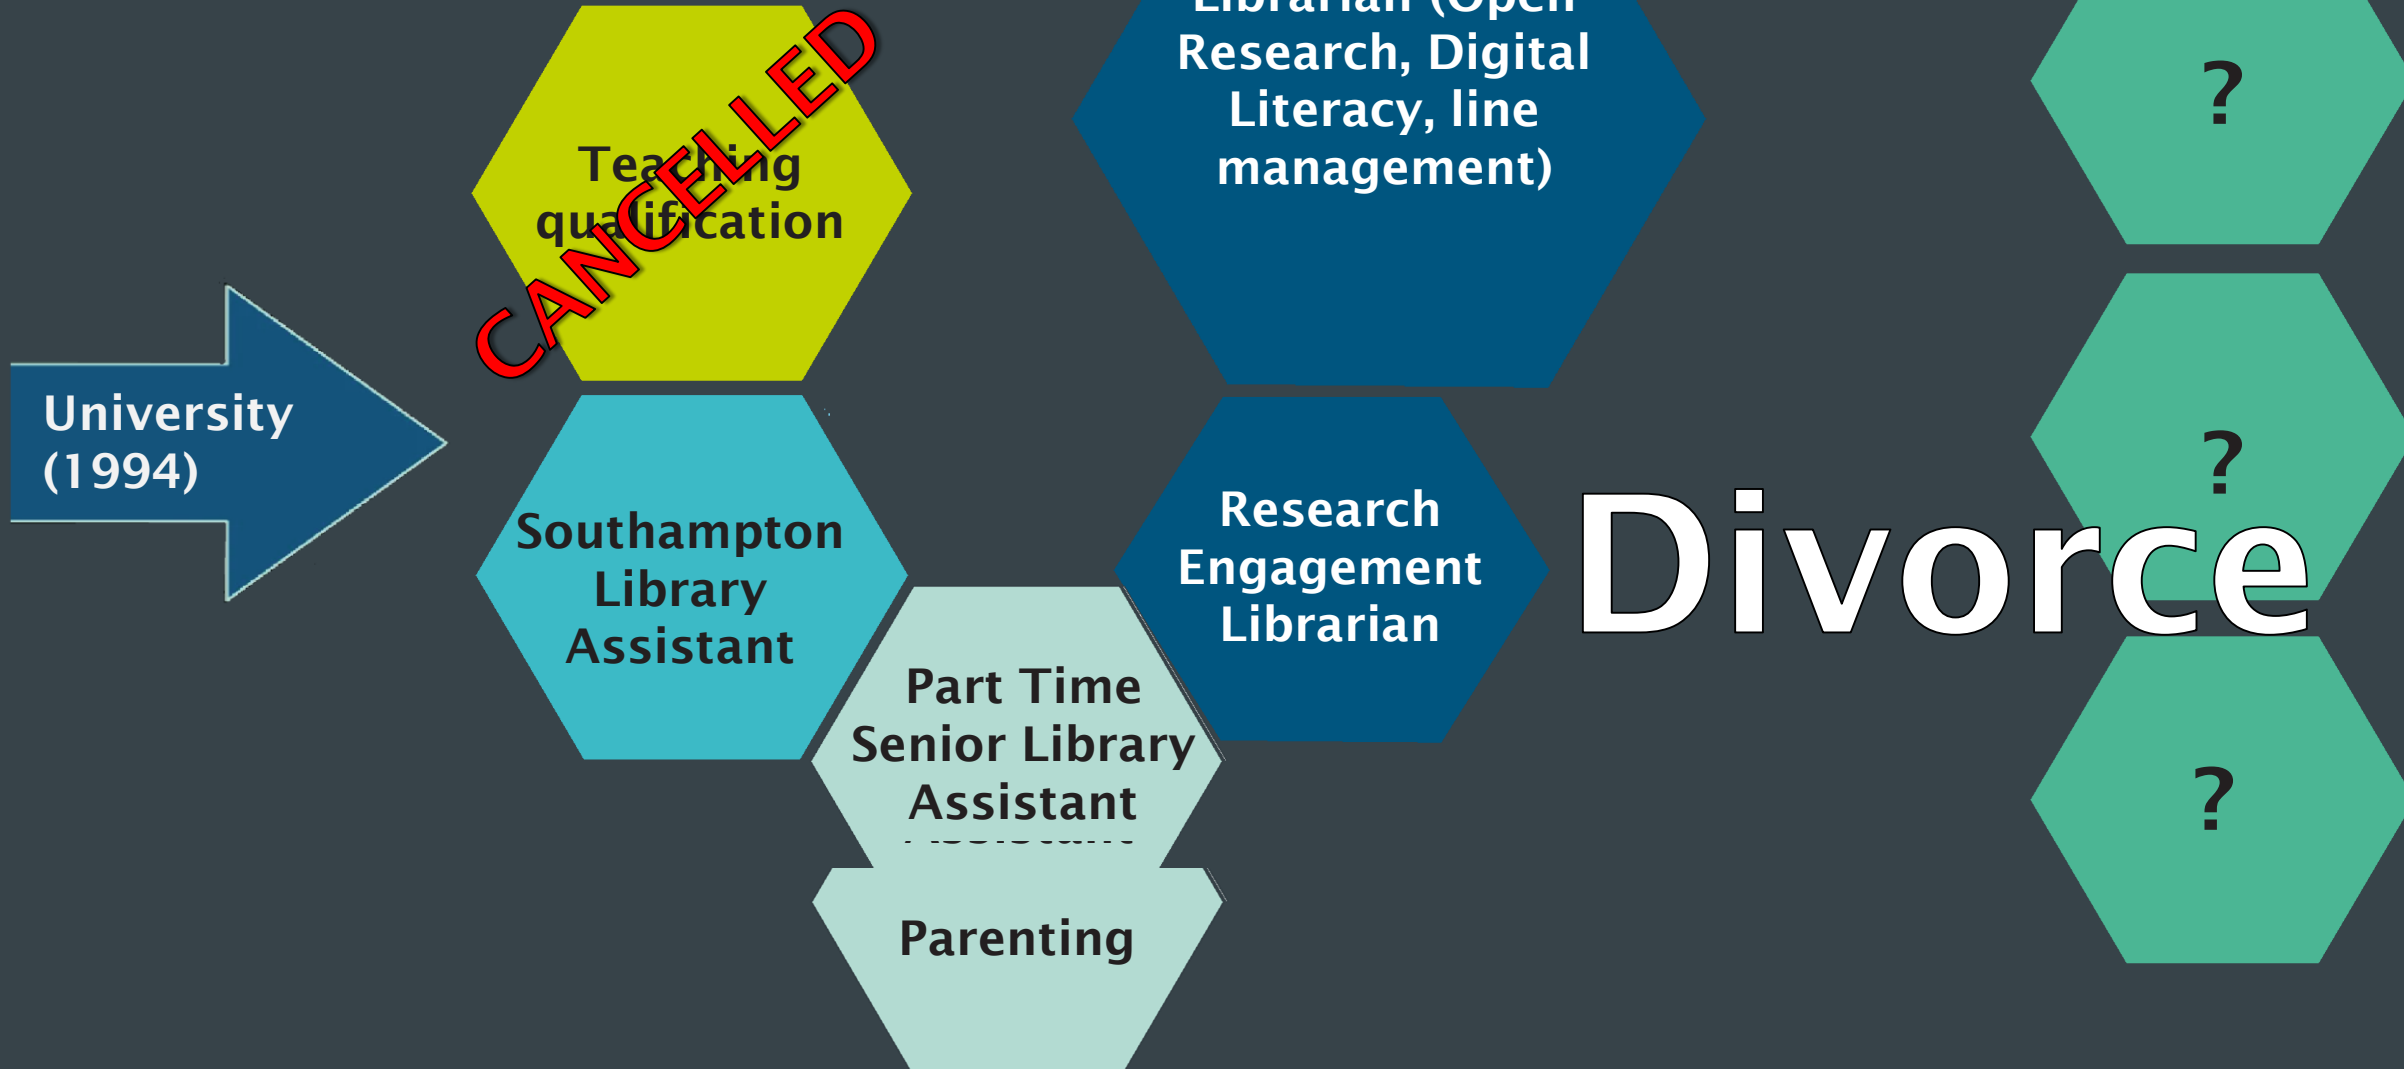

What is a Career Map?

Our Career Map
